WORKSTATIONS > hum

HUM

FEATURES

- Organise your mind – Hum understands how people work and what they need to work better. Hum echoes the way our minds organise, coordinate, and collaborate. A better experience for minds at work means better performance.
- From one to many – We work alone, we work together. Hum helps you switch modes, from individual work to teamwork, within the flow, without disruption, without booking a meeting room two floors away and two days away, without the need to move, change places, or shift context. From I to we without changing place. From I to we without changing pace.
- Configurations for every workplace – Hum is an open office solution designed for individual focus, collaborative tasks and everything in between. Hum is a flexible and adaptable solution that works in tight spots and out in the open. It's designed for individual needs, for different working teams and for whole organisations.

OPTIONS

Workstations

180° Dual, 120° & Free-Standing

Work Surface: High Pressure Laminate, Low Pressure Laminate, Veneer
